

The logo consists of the letters 'TVP' in a bold, white, sans-serif font. The 'T' and 'V' are connected at the top, and the 'P' is connected to the 'V' at the bottom. A registered trademark symbol (®) is located at the top right of the 'P'.

TVP[®]

TAX VERIFICATION PROVIDER

Tax Verification Provider® Datasheet

Tax Verification Provider® (TVP) automates the process of verifying a borrower's income with the IRS for mortgage loans. Offer your clients the premier solution for ordering and servicing 4506-T income verification requests, help reduce paperwork, protect against fraud, and get their transcripts returned faster and easier with TVP.

TVP is built for IVES Participants to get a step ahead of their competitors with a streamlined, 100% digital solution. With electronic borrower signatures for 4506-T forms, digital annotation of forms, and a direct integration to your IVES mailbox, your clients can get transcripts of multiple years' income to validate borrower income faster.

Plus, SharperLending's TVP is authorized for the Fannie Mae™ Day 1 Certainty™ program, so you can provide your clients with Rep and Warrant relief on validated loan components through the Fannie Mae Day 1 Certainty program.

Increase Turn Times, Decrease Paperwork

The automation your clients get with TVP reduces processing times, virtually eliminating the possibility for human error, and helps your orders stay on trac. TVP eliminates manual work so that you can process requests faster, and your clients get their completed transcripts returned faster. Verifying that a Borrower's W-2 matches with their verified tax return income shouldn't hold up loan processing. TVP is unmatched in speed and versatility.

Process 4506-T Requests Faster

TVP provides IVES participants with a lightweight, web-based program to quickly process 4506-T forms and submit them to the IRS. The system receives and processes lender 4506 and 4506-T orders, assists in submitting forms to the IRS, monitors the IRS site, and lets you deliver completed files to your clients. You can electronically annotate 4506-T requests to catch and correct issues that would cause delivery delays as well as get electronic signatures from borrowers.

Orders Dashboard: Track and Manage 4506-T Orders with Ease

A full order status and tracking system for 4506-T requests and delivered transcripts is at your fingertips when you use TVP. The dashboard tracks all orders in all statuses – no matter if they are new, waiting for an e-signature, waiting for delivery from the IRS, or need your attention – so you know exactly when your clients will get their transcripts back.

Be a Day 1 Certainty Approved Vendor

Since the TVP system is included in the Day 1 Certainty program, any IVES participants that provide the system to their clients can get the benefit of being Day 1 Certainty approved! Offer rep and warrant relief to your clients on all 4506-T requests order through the system. Take advantage of the work we have done by being a reseller of TVP!

Improve turn times for income verification and maximize protection against mortgage fraud with TVP.
